UI/UX Design Career Track

Matthew Dennis Jr

Aspiring full-stack developer & Certified UI/UX Designer
Greater Philadelphia

Summary

I am an aspiring Full Stack Engineer with a certification in UI/UX Design I enjoy Learning New technologies and building responsive User Centered designs. I Have a bachelor's Degree in Communication and Media Arts from Neumann University where I learned Media Marketing, and graphic design with tools like Photoshop, Dream Weaver, Adobe Premier, After Effects, Indesign, and Print Media. I became skilled in UI/UX Design at Springboard where I learned my skills in responsive User-centered design. I learned the Design Process, and how to build User-friendly websites and Phone Applications from Research to Testing through Deployment. After teaching myself coding on Udemy, I decided to join Coding Dojo, to gain the opportunity to work on dev teams, collaborate with, and help others while sharpening my skills. I learned 3 stacks in 32 weeks (Python, Java, MERN) and built projects using many different Technologies.

My skills include.

CSS,
HTML,
Javascript,
Java,
Python,
Photoshop,
Dream Weaver,
Adobe Premier,
After Effects,
Indesign,
User Research,
User Interviews,
Persona,
User scenario,
User Flow,
Wire Frame,

Mood Board,
Visual Design,
Usability Testing,
low-High Fidelity Prototypes,
Design Sprints.

Age In Place Home Care

Caregiver

January 2022 - Present (1 year 5 months)

Philadelphia, Pennsylvania, United States

Coding Dojo

Developer in Training

May 2023 - Present (1 month)

Visitry App

UI Designer

May 2022 - June 2022 (2 months)

remote

Assisted with creating an efficient onboarding layout with the User Experience processes.

With the assistance of a team, we also created a new login layout screen. We Tested the new Design and User likability alongside the old interface; then gave helpful suggestions on what to do to strengthen the UI/UX experience in the future.

Springboard

UI/UX Designer

January 2021 - June 2022 (1 year 6 months)

Springboard UI/UX Design Career Track

Description: 700+ hours of hands-on course material, with 1:1 industry expert mentor

oversight, and completion of 4 in-depth portfolio projects. Mastered skills in information

Quality of Life Health Services, Inc.

Home Health Aide

January 2020 - January 2022 (2 years 1 month)

Pennsylvania, United States

NBC Media Center Universal Studios

Recruiter

March 2017 - May 2019 (2 years 3 months)

United States

Working at NBC Universal made me knowledgeable in how to Use Biometric technology in Research. I also Utilized eye-tracking software and devices that helped me understand User Experience Research for Nationally Broadcasted Television Shows. We Determined who is eligible for use of screeners and combined them with the research used carefully examined surveys and interviews.

Radio One

Intern

February 2012 - May 2012 (4 months)

Philadelphia, Pennsylvania, United States

Promoted the Radio One, Radio Station In Various Places around Greater Philadelphia Area.

Brainstormed and Administered, Radio Drops and Commercials to be Broadcasted on Air,

Learned from Professional DJs how to make a radio quality sound that Philadelphia enjoys.
